

# Casambi™ Wireless Wall Controller

#CONT-CCS-WSC

Specification Sheet

## Type

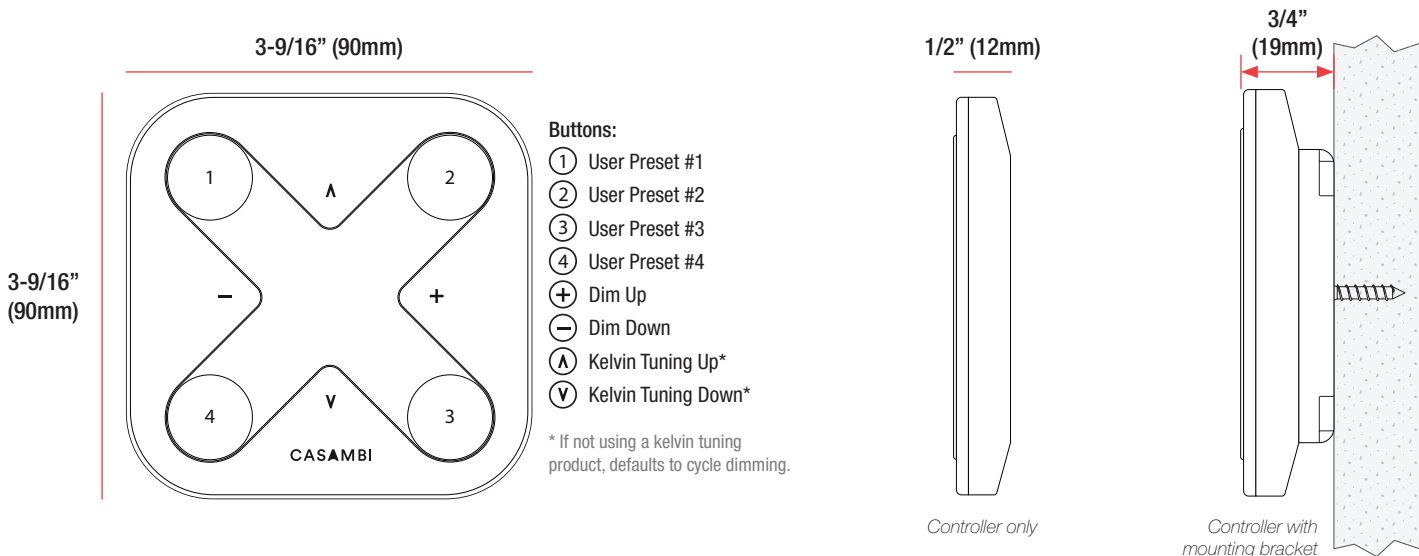

## Control Part #

CONT-CCS-WSC

## Specifications

<b>Dimming</b>	PWM (Pulse Width Modulation)	<b>Communication</b>	Bluetooth Mesh
<b>Product Color</b>	White	<b>Dimensions (LxWxH)</b>	3-9/16" x 3-9/16" x 1/2" (90mm x 90mm x 12mm)
<b>Battery</b>	CR2430 Lithium Coin Cell (included)	<b>Weight</b>	0.9 oz (25.5g)
<b>Mounting</b>	Screw-In Wall Plate (included; controller attaches magnetically)	<b>Certifications</b>	FCC, IC, CE
<b>Setup &amp; Control</b>	via Casambi App (Available for free on iOS & Android devices)	<b>Warranty</b>	5 Year Limited
<b>Range*</b>	up to 164FT (see note below)	<b>Environment</b>	IP20 Indoor, Dry

\* The range between this controller, a Casambi PWM Bluetooth Decoder and a Bluetooth enabled device (i.e. smartphone or tablet) may vary depending on obstacles and general surroundings. It is best practice to install the decoders in indoor, open air spaces to ensure optimal communication between devices. Placing a decoder inside an enclosure will greatly decrease the range and limit communication between devices. See the product installation instructions for additional details.

## Other Compatible Casambi Controls

Sold separately. See the specific product spec sheet for additional details.

Casambi PWM Bluetooth Decoder: **CONT-CCS-PCM**

Casambi Trailing-Edge Dimmer Bluetooth Decoder: **CONT-CCS-DIMCM**
